

Seat FIRENZE

The FIRENZE model is a tip-up armchair designed for various settings such as sports venues, halls, and auditoriums. It features polyurethane padding to provide high comfort and accommodate spectators. The chair can be upholstered in fabric or eco-leather and comes with a polypropylene shell on both the backrest and seat.

Customization is fully flexible: options include integrated cupholder armrests, an automatically folding writing tablet, and full upholstery of the plastic shells. The backrest can be embroidered with logos, and stitching is available in tone-on-tone or contrasting colors.

The FIRENZE chair complies with FIFA/UEFA recommendations and European standards EN 13200-1-4, as well as EN 12727:2017 (level 4 – severe), as required in the country of installation. The eco-leather upholstery is highly durable and fire-retardant.
